City Council Staff Report
Revocable License for Boughton Pole Barn
Meeting Date: February 13, 2018

HISTORY:

Bert Boughton purchased the property identified on Plat No. 284B as Tract 4A from Francisco Rail Services Co. in approximately 1992. Mr. Boughton currently maintains a home and several outbuildings on the property. It was recently discovered that one outbuilding actually lies on City property. See Exhibit A. The building is a 54 ft. x 32 ft. pole barn that is located in the Logan Dr. right-of-way. Mr. Boughton approached staff to determine a way to solve the encroachment issue to the satisfaction of both parties.

POLICY

In this case, a lease is not appropriate as no existing survey shows a boundary that includes the barn location. Staff has determined that a revocable license would be the more appropriate vehicle for this issue. A revocable license may be revoked at any time by the licensor whereas a lease grants the lessee exclusive possession of the premises.

PROPOSAL

Bert and Byron Boughton and Bert Dee Boughton are agreeable to a revocable license to include the general area of the pole barn, an approximate area of 75 feet by 35 feet. Mr. Boughton also agrees not to expand the current use or footprint of the building. The proposed cost of the license fee is \$450/yr. The license fee will be due every year on or before July 1, 2018.

PROCEDURE:

Council may approve Resolution 4126 and the above proposal or make changes as appropriate.

RECOMMENDATION:

Through review of the of the applicable regulations and considering the circumstances, staff recommends that the City Council adopt this staff report as findings of fact and recommend approval of granting Mr. Boughton a revocable license as described above.
